

DON'T VOTE FOR GENOCIDE!

TAKE THE PALESTINE VOTE PLEDGE

I pledge not to vote for any US politician who has voiced support for Israel's genocidal war on Gaza or its ongoing occupation of Palestine, or who has orchestrated or approved US military aid and funding for Israel. I will not be cowered by "lesser of two evils" logic to give electoral approval to genocide and apartheid. No politician who supports Israel's war and occupation should be able to claim moral decency or the political legitimacy that my vote would give them.

This pledge is not a petition; it is a commitment.
